EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
 That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Because Treponeme Associated Hoof Disease (TAHD) was confirmed in Game Management Unit (GMU) 578, the department seeks to reduce the spread of TAHD by adding GMU 578 and neighboring GMUs 572 and 574 to WAC 220-413-200.
