EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Hatchery and wild steelhead are currently being released into Swift Reservoir as part of the reintroduction program. These fish should not be retained by anglers. The Department is in the process of adopting permanent rules. This emergency rule is necessary until permanent rules are in effect.
