EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is necessary to close the Elwah River and its tributaries, which were intended to remain closed as part of the fishing moratorium that is currently in effect on the Elwha mainstem and all tributaries to help facilitate the re-colonization of the Elwha River system following removal of two dams. There is insufficient time to adopt permanent rules.
