EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed because at the current harvest rate, quota for the Hanford Reach area will be reached within 3 weeks. By lowering the daily limit to 1 adult chinook there is sufficient quota to last the duration of the scheduled season; through October 31 from Hwy. 395 Bridge at Pasco to the Hanford townsite wooden powerline towers and October 15 from the powerline towers to Priest Rapids Dam. There is insufficient time to adopt permanent rules.
