**Other authority:**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This emergency rule is needed to open limited commercial salmon fisheries in Willapa Bay. Fall Chinook returning to tributaries of Willapa Bay have been significantly lower than preseason predictions. Historic run-timing and stock composition data suggests minimal fall Chinook encounters are likely to occur during these selected fisheries. There is insufficient time to adopt permanent rules.
