**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This emergency rule is needed to open commercial reef net chum fisheries in Catch Reporting Area 7. The US received notice from Canada that their chum run size is estimated to have reached the threshold to allow US commercial salmon fisheries in Puget Sound Salmon Management and Catch Reporting Area 7 per the Pacific Salmon Treaty. There is insufficient time to adopt permanent rules.
