EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule maintains the current closures of Region 2 East and Region 2 West. This rule re-opens Region 1 at 8:00 a.m., December 1, 2018. The provisions of this rule will continue the Puget Sound commercial crab harvest in Region 3-1, 3-2, 3-3 East and 3-3 West. Pot limits in Region 1 will be set at 30 pots per license. Pot limits in Region 3-2, 3-3 East and 3-3 West will be increased to 60 pots per license. In Region 3-1, fishers will be allowed to use their maximum of 100 pots per license. There is sufficient allocation available in the commercial regions to accommodate the continued opening. These provisions are in conformity with agreed management plans with applicable tribes. These management plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable Treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules.
