EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
 That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to close commercial sea urchin harvest in part of Districts 1 and 2 to prevent overharvest. Harvestable surpluses of sea urchin exist in the districts specified for commercial harvest. There is insufficient time to adopt permanent rules.
