EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
 That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The Department of Health has lifted the biotoxin closure in Burrows Bay, and a harvestable surplus of pink and spiny scallops exists in the areas specified to allow for commercial harvest. This emergency rule is needed to open Burrows Bay. There is insufficient time to adopt permanent rules.
