EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule change is necessary to open this section of Goose Creek for the Wild Bill Goose Days youth fishing event. It will also allow additional opportunity to catch fish stocked for the event to youth anglers, senior anglers, and anglers with a disability who possess a designated harvester companion card for a few additional days prior to the set season opener of May 25, 2019. There is insufficient time to adopt permanent rules.
