EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The 2020 State/Tribal Shrimp Harvest Management Plans for the Strait of Juan de Fuca and Puget Sound require adoption of harvest seasons contained in this emergency rule. This emergency rule (1) defines the shrimp management areas and Regions open to spot and non-spot commercial harvest; (2) sets harvest restrictions for and opens the non-spot commercial pot fishery; (3) sets harvest restrictions for and opens the spot commercial pot fishery; (4) sets the harvest and gear limitations for and opens the Puget Sound shrimp trawl fishery; (5) requires purchase of shrimp harvested by the designated fisheries to be done by appropriately licensed dealers; and (6) closes sub-area 23A-East to State commercial harvest of spot shrimp due to the attainment of quota (8,000 pounds).
