Purpose: As stated in the CR-102, there are two proposals related to hunting contests. The first excludes from hunting contests those species that do not have bag limits. The second makes it illegal to participate in a hunting contest that is not permitted by the department. The purpose of both of these proposals are to address concerns that some of our public have raised about people holding contests without a permit and the fact that these contests promote killing large numbers of those species that do not have a bag limit which can be perceived negatively by some members of the public.
