Agency: Department of Fish and Wildlife (Order 20-221)

Effective date of rule:

Emergency Rules

- Immediately upon filing.
- Later (specify)

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes No If Yes, explain:

Purpose: The purpose of this rule to return the lower section of the Grande Ronde River (from the mouth to County Rd. Bridge) to a catch-and-release steelhead fishery.

Citation of rules affected by this order:

- New:
- Repealed: WAC 220-312-05000G
- Amended: WAC 220-312-050
- Suspended:

Statutory authority for adoption: RCW 77.04.012, 77.04.020, 77.12.045 and 77.12.047

Other authority:

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to correct the filing of WSR 20-28-069. The previous filing inadvertently opened the lower section of the Grande Ronde River. Preseason management plans intended to keep the steelhead fishery in this section of river a catch-and-release fishery, as written in the permanent rules under WAC 220-312-050. Retention of steelhead is to be allowed upstream of the County Rd. Bridge located approximately 2.5 miles upstream of the mouth. There is insufficient time to adopt permanent rules.
