**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This rule is needed to increase the adult salmon daily limit for Drano Lake, for the following reasons:

Little White Salmon National Fish Hatchery has achieved the 2020 fall Chinook broodstock collection goal, allowing the adult daily limit to be increased for additional harvest opportunity.

There is insufficient time to adopt permanent rules.
