EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Opening the fishing season a week early will allow anglers (those described in the Fishery Rules) to fish within the permitted enclosed portion of Goose Creek containing stocked trout (from a private vendor). This will allow for maximum harvest of stocked fish prior to the required enclosure removal date. There is insufficient time to adopt permanent rules.
