**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** Pre-existing Endangered Species Act coverage for the effects of Puget Sound salmon fisheries expires on April 30, 2021. Federal Endangered Species Act (ESA) consultations on 2021-22 Puget Sound salmon fisheries are ongoing, but are unlikely to be completed by May 1st. Marine Area 13 salmon fisheries are known to intercept listed Chinook in the May period. Accordingly, Marine Area 13 will temporarily close for salmon fishing starting May 1, 2021. Salmon fisheries in Marine Area 13 will re-open when ESA authorization is received for the proposed 2021-22 Puget Sound salmon fishing package..
