EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to open a hatchery spring Chinook fishery in a portion of the North Fork Nooksack River. **One tribal co-manager** had completed their spring Chinook fishery with unused wild Chinook impacts and offered those unused impacts to the state. **This transaction has been approved by NOAA and all comanagers.** With additional allowable encounters the recreational fishery can reopen. This fishery will be actively monitored. Should total encounters reach the agreed to threshold, the fishery may close earlier than scheduled. There is insufficient time to adopt permanent rules.

**Note: If any category is left blank, it will be calculated as zero.
