**Other authority:**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This regulation is needed to ensure an orderly fishery, manage the fishery within court-ordered sharing requirements, and ensure conservation. This regulation opens the recreational non-spot shrimp fisheries for Marine Area 7 East and previously announced seasons in 8-1, 8-2, 9, 11 and 13 only. The non-spot shrimp fisheries have maximum depth restrictions specific to each area to limit capture and handling of spot shrimp. Spot shrimp must be immediately released unharmed during non-spot shrimp seasons. There is insufficient time to adopt permanent rules.
