EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This action is necessary to ensure broodstock collection goals for the Wallace River Hatchery are met. As of July 15, 2021 the Wallace River Hatchery has collected 1838 Chinook, which is short of the 5,000 fish collection goal. There is insufficient time to adopt permanent rules.
