EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to modify salmon seasons in Marine Area 6. The current estimate of total legal sized Chinook encounters is 6,843 (100%) of the total 6,843 legal sized encounters agreed upon in this year's List of Agreed Fisheries (LOAF). Because 100% of the legal sized Chinook encounter quota has been met, WDFW Staff have made the decision to suspend Chinook retention in order to preserve Coho and Pink opportunities in Area 6. There is insufficient time to adopt permanent rules.
