EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The opening of Marine Area 7 North will be delayed until August 21 to accommodate additional time for tribal co-managers to plan and prosecute fisheries. Because of this delay, two additional days are being added to the original recreational crab schedule in 7 North on September 28 and 29. There is insufficient time to adopt permanent rules.
