EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to provide for Pacific Salmon Commission's Fraser River Panel authorized commercial fisheries in Puget Sound Salmon Management and Catch Reporting Area 7. The Fraser River Panel authorized the fishery during their meeting on August 20, 2021. There is harvest share for pink salmon at current run-size levels. There is insufficient time to adopt permanent rules.
