EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The majority of adult sockeye salmon currently in Lake Wenatchee will soon become largely unavailable to anglers due to their annual migration to the spawning grounds on the White and Little Wenatchee rivers. Sockeye condition and desirability will have declined drastically. With so few sockeye present in Lake Wenatchee, closing this fishery will reduce unnecessary impacts to bull trout.
