EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule opens listed Sea Urchin Districts on October 4 to harvest of green sea urchins only. This emergency rule is also needed to clarify size restrictions for the possession of both green sea urchins and red sea urchins.

Immediate adoption of this rule is necessary for the preservation of the public health, safety, or general welfare. Observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to public interest. There is insufficient time to adopt permanent rules.

NEW SECTION

WAC 220-340-75000E Commercial sea urchin fishery.

Effective October 4, 2021, until further notice, the provisions of WAC 220-340-750 regarding commercial harvest of sea urchins shall be modified as described below. All other provisions of WAC 220-340-750 not addressed herein remain in effect unless otherwise amended by emergency rule:

1. Effective immediately, until further notice, it is unlawful for any person to fish for, take, or possess for commercial purposes any green sea urchins less than 2.25 inches; or red sea urchins measuring less than 3.25 inches or greater than 5 inches. All measurements are caliper measurements of the largest shell (test) diameter, exclusive of the spines.
2. Effective October 4, 2021, until further notice, the following areas are open for green sea urchin harvest only, seven days-per-week: Sea Urchin District 1, District 2, District 3 east of a line projected true north from the shoreline at 123° 52.7'W longitude to the international border, District 4 west of a line projected true north from the shoreline at 123° 48.3'W longitude to the international border, District 6, and District 7 except all waters of Hale Passage and Wollochet Bay within the following lines: west and north of a line starting at Point Fosdick following longitude 122° 35'W southward to latitude 47° 14'N thence true west to Fox Island, and east and north of a line starting at Green Point following longitude 122° 41'W southward to latitude 47° 16.5'N thence true east to Fox Island.
3. Effective October 4, 2021, until further notice, the maximum cumulative landings for green sea urchins for each weekly fishery opening period is 1,500 pounds per valid designated sea urchin harvest license. Each fishery week begins Monday and ends Sunday.
