EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Permanent rules regulating State Commercial Shrimp Harvest in Puget Sound and the Strait of Juan de Fuca require adoption of harvest seasons contained in this emergency rule.

This emergency regulations closes commercial non-spot shrimp pot harvest in Shrimp Management Area 2 West effective immediately. Sections of this regulation define open areas to allow adequate flexibility for the state commercial shrimp fisheries to respond to dynamic changes in market conditions and to allow for full utilization of both the commercial spot and non-spot shares while also achieving the 50/50 harvest defined by the Federal Court Order. There is insufficient time to adopt permanent rules.
