EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to align the personal use sea cucumber regulation with provisions of the 2021-22 Puget Sound Sea Cucumber Management Plan. This regulation will extend the closure of the personal use sea cucumber fishery in Marine Areas 8-1, 8-2, 10, and that portion of Marine Area 9 south of line projected from Foulweather Bluff continuing to Double Bluff on Whidbey Island year-round. This regulation is needed to manage the fishery within court-ordered sharing requirements and ensure conservation. Harvest of sea cucumbers remains open until further notice, in Marine Areas 1, 2, 3, 4, 5, 6, 7, 9 north of line projected from Foulweather Bluff continuing to Double Bluff on Whidbey Island, 11, and 13. There is insufficient time to adopt permanent rules, but updating of related permanent rules has been initiated.
