EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is necessary to add commercial beach seine fishery openings targeting chum salmon in Puget Sound Salmon Management and Catch Reporting 12C Hoodspport Hatchery Zone. Sufficient non-treaty allocation remains (about 85,000 fish) and returns to Hood Canal hatchery facilities indicate that broodstock goals will be met. This additional fishery offers commercial salmon harvest opportunity without compromising hatchery goals. There is insufficient time to adopt permanent rules.
