EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The current estimate of Chinook encounters of the planned Marine Area 11 Winter Chinook season is 94% (945 of 1,001) of the total encounters, 107% (683 of 637) of the sublegal encounters, and 110% (263 of 239) of the unmarked encounters agreed to in this year's List of Agreed Fisheries (LOAF). Closure of recreational salmon angling in Catch Record Card Area 11, beginning Saturday, November 20, 2021, is needed because allowed sublegal and unmarked encounters have been reached, and to avoid exceeding total allowed Chinook encounters.

There is insufficient time to adopt permanent rules.
