Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule? □ Yes ②No If Yes, explain: Purpose: The purpose of this emergency rule is to return Drano Lake, salmon and steelhead rules to permanent rules as listed in 2021/2022 Washington Sport Fishing Rules pamphlet. Citation of rules affected by this order: New: Repealed: WAC 220-312-03000H Amended: WAC 220-312-03000H Amended: WAC 220-312-030 Suspended: Statutory authority for adoption: RCW 77.04.012, 77.04.020, 77.12.045 and 77.12.047 Other authority: EMERGENCY RULE Under RCW 34.05.350 the agency for good cause finds: □ That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest. □ That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule. Reasons for this finding: This emergency rule is necessary to return Drano Lake salmon and steelhead seasons to permanent rules; other rules contained in WSR 22-07-012 (Order 22-36, March 4, 2022) for Klickitat River, Wind River, and Salmon Creek are maintained by this rule. WDFW had reduced the adult salmon daily limit in Drano Lake to help ensure that spring Chinook broodstock collection at Little White Salmon National Fish Hatchery (LWSNFH) would be achieved in 2022. Returns of adult spring Chinook to LUVSNFH have been good and the broodstock collection goal was recently achieved. With broodstock collection at this facility met, fisheries can be reopened under permanent rules. Note: If any category is left blank, it will be calculated as zero. No descriptive text. Count by whole WAC sections only, from the WAC number through the history note. A section may be counted in more than one category.
