EMERGENCY RULE
Under RCW 34.05.350 the agency for good cause finds:
☒ That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
☐ That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to return Drano Lake salmon and steelhead seasons to permanent rules; other rules contained in WSR 22-07-012 (Order 22-36, March 4, 2022) for Klickitat River, Wind River, and Salmon Creek are maintained by this rule.

WDFW had reduced the adult salmon daily limit in Drano Lake to help ensure that spring Chinook broodstock collection at Little White Salmon National Fish Hatchery (LWSNFH) would be achieved in 2022. Returns of adult spring Chinook to LWSNFH have been good and the broodstock collection goal was recently achieved. With broodstock collection at this facility met, fisheries can be reopened under permanent rules.

There is insufficient time to adopt permanent rules.
