A preproposal has been filed, WSR 21-18-031 and proposed permanent rule making is anticipated to be in place by spring of 2022.

EMERGENCY RULE
Under RCW 34.05.350 the agency for good cause finds:
☒ That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
☐ That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: There is an existing and imminent threat on department land where pack goats are in close vicinity to wild bighorn sheep. The current threat of disease transmission could have dire impacts on State bighorn sheep populations during the upcoming recreational and hunting seasons. DFW has started permanent rulemaking to address this issue for the long-term and will accept additional public input during the rulemaking process.
