**Purpose:** The purpose of this emergency rule is to open a spring Chinook season in the Snake River.

**Other authority:**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** An updated run size increase to the 2022 Columbia upriver spring Chinook salmon return is sufficiently abundant to allow for a limited harvest opportunity on the Snake River based on WDFW Commission Policy C-3620. The U.S. v. Oregon (2018-2027) Management Agreement provides Endangered Species Act coverage for this fishery.

There is insufficient time to adopt permanent rules.
