EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The current estimate of Chinook legal encounters for the summer fishery is 8,308 of the total legal encounters limit of 9,400 (88%) agreed to in this year's List of Agreed Fisheries (LOAF). Salmon fishing is being suspended through August 15th, beginning August 3 in anticipation of reaching the legal encounters limit by the end of the day Saturday. Suspending salmon fishing now will preserve Chinook encounters to allow the August 16 – September 28 Coho fishery to continue as planned. There is insufficient time to adopt permanent rules.
