EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: In-season test and fisheries catch information indicates that the expected Chinook return to the Green/Duwamish River is in-line with the pre-season predicted return. Co-managers agree that additional fishing opportunities would not compromise agreed to management objectives or brood stocking goals. There is insufficient time to adopt permanent rules.
