EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is needed to allow a limited harvest of white sturgeon in the Columbia River from the Wauna powerlines upstream to Bonneville Dam and the Cowlitz River. The legal-size population is large enough to allow for a retention fishery within the lower Columbia River. This action is consistent with decisions made by the States of Washington and Oregon during the Columbia River compact hearing on August 18, 2022. There is insufficient time to adopt permanent rules.
