EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Expected catches in both recreational and tribal fisheries are below pre-season expectation to date. The recreational Marine Area salmon fishery will be paused until further notice to further evaluate Chinook returns to South Sound to ensure natural escapement and brood stock goals are met. This fishery may reopen if further information suggests such an action is warranted. There is insufficient time to adopt permanent rules.
