**Other authority:**

**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** Chinook salmon returns to the Nisqually river were below pre-season expectation through last Friday when WDFW paused recreational salmon fishing. After discussions with co-managers and evaluating current information, WDFW is comfortable that management objectives will not be compromised by reopening recreational salmon fishing.
