Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This emergency rule is needed to correct date this emergency rule is effective for the section of the Columbia River from the mouth to the Rocky Point/Tongue Point line, from beginning September 15 to beginning October 1, 2022. This correction will return fisheries in that section to permanent rules bring this rule in-line with joint-state actions agreed to during the Compact Action of September 13.
