EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is necessary to change commercial purse seine and gillnet fishery openings targeting chum salmon in Puget Sound Salmon Management and Catch Reporting Areas 12 and 12B. The latest in-season runsize estimate for Hood Canal chum salmon based on fishery information suggests the chum return is large enough to allow for additional planned opening dates. Changing fishing days will inform fishery managers earlier in the week on an updated runsize and potentially offer additional fishing days later in the week. A closure in Area 12C is necessary to minimize geographic overlap with tribal fisheries while harvestable fish remain available in Areas 12 and 12B. There is insufficient time to adopt permanent rules.
