Purpose:

WAC 220-340-45500Q: Closes Puget Sound commercial crab harvest in Crab Management Regions 2 East one hour after official sunset November 20, 2022, and 3-2 one hour after official sunset November 21, 2022.

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: There is sufficient allocation available in Regions 1, 2-West, 3-1, 3-3, and 3-4 to accommodate remaining open until a later date. This rule is needed to close Region 2E and Region 3-2 because remaining allocations in these areas are expected to be fully harvested November 20 and November 21, respectively. These provisions are in conformity with agreed management plans with applicable tribes. These management plans are entered into as required by court order. The Puget Sound commercial season is structured to meet harvest allocation objectives negotiated with applicable Treaty tribes and outlined in the management plans. There is insufficient time to adopt permanent rules. Further adjustment of season structure may be made pending updated harvest data.
