WSR 23-05-022

Agency: Department of Fish and Wildlife (Order 23-19)

Effective date of rule:

Emergency Rules

- Immediately upon filing.
- Later (specify)

Any other findings required by other provisions of law as precondition to adoption or effectiveness of rule?

- Yes No If Yes, explain:

Purpose: The purpose of this emergency rule is to correct WSR 23-04-097, in order to return the lower portion of Willapa River, from the mouth to the WDFW access site at the mouth of Ward/Wilson creeks, to permanent rules. The previous filing incorrectly extended that section upstream of the WDFW access site.

Citation of rules affected by this order:

New:
 Repealed: WAC 220-312-02000Z
 Amended: WAC 220-312-020
 Suspended:

Statutory authority for adoption: RCW 77.04.012, 77.04.020, 77.12.045 and 77.12.047

Other authority:

EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is necessary to WSR 23-04-097, filed January 31, 2023. The lower portion of Willapa River returned to permanent rules should have been from the mouth of Willapa River to the WDFW access site at the mouth of Ward/Wilson creeks, not the second bridge on Camp One Rd as listed in the previous rule. Other rules from the previous filing of WSR 23-04-097 are carried forward and remain in effect.

There is insufficient time to adopt permanent rules.
