EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to close retention of salmon in Marine Area 5. Data to date indicates this fishery has reached 90% of the sublegal encounters (3,849 of 4,263) agreed to in this year's List of Agreed Fisheries (LOAF). To meet conservation goals and avoid exceeding the fishery objectives, the fishery will close beginning Monday, April 24th.

There is insufficient time to file permanent rules.
