EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to open salmon seasons in Catch Record Card Area 7. Catch estimates for the Marine Area 7 summer Chinook fishery indicate that through July 23rd, 2022, 67% of the harvest quota (1,203 of 1800), 25% of unmarked encounters (988 of 3,991) and 23% of sublegal encounters (593 of 2,573) have been reached. This allows space for additional days of fishing to be added to the 2022 summer Chinook season. There is insufficient time to adopt permanent rules.
