EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: The Marine Area 5 summer Chinook fishery has reached 34% of the total legal encounters (2,497 of 7,254), agreed to in this year's List of Agreed Fisheries (LOAF). Catch and effort have slowed in Marine Area 5 after high catch during the opening weekend, allowing for increased retention for the remainder of the season. There is insufficient time to file permanent rules.
