EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to open salmon seasons in Catch Record Card Area 7. Catch estimates for the Marine Area 9 summer Chinook fishery indicate that through July 22nd, 83% of the harvest quota (3,633 of 4,300) has been reached. This one-day reduction in the season is necessary to stay within management guidelines and will align open days with upcoming Marine Area 7 opening. There is insufficient time to adopt permanent rules.
