EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This rule is necessary to name commercial purse seine and gillnet fishery participants targeting pink salmon in Puget Sound Salmon Management and Catch Reporting Areas 10 as required by WAC 220-354-050 for limited participation salmon net fisheries. There is insufficient time to adopt permanent rules.
