EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: Co-managers have agreed to limited harvest opportunity in this area due to the low risk of negatively impacting natural stocks returning to South Sound. Chum salmon will be included as part of the daily limit for salmon in Marine Area 13. There is insufficient time to adopt permanent rules.
