EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is necessary to return fishing seasons in the Stillaguamish River and its forks to permanent rules.

Stillaguamish River Chinook salmon spawning activities are completed for the season; protective measures are no longer necessary. This action will open planned gamefish seasons in the system.

There is insufficient time to adopt permanent rules.
