**EMERGENCY RULE**

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

**Reasons for this finding:** This rule is needed to impose Selective Gear Rules in a portion of the Skykomish River. This gear restriction was agreed to during the North of Falcon season setting process, permanent rule making has been initiated. There is insufficient time to adopt permanent rules.

This rule also carries forward closures in the Snohomish system, previously announced in WSR 24-11-072.
