EMERGENCY RULE

Under RCW 34.05.350 the agency for good cause finds:

- That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest.
- That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule.

Reasons for this finding: This emergency rule is needed to return Cowlitz River to permanent rules beginning July 2, 2024.

The adult salmon daily limit on the Cowlitz River was reduced earlier in the year to help ensure that the Cowlitz spring Chinook broodstock collection goal was achieved. Hatchery broodstock collection goals are now expected to be met; a reduced daily limit is no longer needed.

Klickitat River and Lewis River rules remain in place, previously announced in WSR 24 14-048.

There is insufficient time to adopt permanent rules.
